

How to Read a Monthly Statement of Account (MSOA)

Terms:

KIDS PIN:

Your personal identification number.

“As Of” date:

Includes payments, charges, and amounts owed through the date indicated.

Account Activity:

All payments during the month are included, summarized by court case and debt type.

Amount owed:

Amounts owed at the end of the month, summarized by court case and debt type.

Payments Due:

Court-ordered amounts due for the month, summarized by court case and debt type.

Periodic Payments:

Weekly, bi-weekly, monthly, or other court-ordered payments.

Payments:

Payments are funds that have been received by the Wisconsin Support Collections Trust Fund (WISCTF) **AND** applied to the payee’s account. Payments are generally recorded and issued to the payee within two business days of receipt. Payments received before they are due or near the end of the month may not always be reflected in the account activity for that month but will appear on the statement in the next month.

The MSOA contains four sections.

Section One: IDENTIFYING INFORMATION

This section contains the KIDS PIN, payer’s name and “as of” date of the MSOA.

Section Two: ACCOUNT ACTIVITY FOR <MONTH>

This is a list of the payments received and distributed in the previous month sorted by court case and debt type. Payments for “nonsufficient Funds” misapplied funds and certain tax payments will **NOT** appear on the report.

Section Three: AMOUNT OWED AT THE END OF <MONTH>

This is the amount owed on all the court cases the person has. Within each court case, the various debts for that case are listed. It is not necessarily the court-ordered amount due that month. These are legitimate court-ordered debts that the person owes and eventually will have to pay. However, periodic payments (see below) might not have been ordered by the court on these debts yet.

Section Four: PERIODIC PAYMENTS DUE FOR <MONTH>

This is the minimum amount the person should send in for the month in which the MSOA is sent. This is the amount that the court has ordered the person to pay and will eventually lead to enforcement actions if not paid.
